

City Saint-Laurent

Sunday, March 29, 2015 at 13:00
Hosted by Jocelyne Fillion et Jacques Dugas

Room St-Laurent at 803, avenue Sainte-Croix, Montréal H4L 3X6

Topic of the day : The color Aqua Opalescent

It will be interesting to have the largest number of pieces of that color to be able to appreciate all variants. Your most unusual pieces are especially expected with your comments.
Your participation is important.

Remember your latest finds, discoveries and pieces.

Election: Three positions should possibly be renewed at this meeting

Special feature:

The room is in the basement of a church. The door in the corner of the building between the civic # 805 and 801. There's easy parking after 13 H in the growing front of the building and to the south of the building (see on picture).

Directions:

The roads are so many to get there, it will be better to rely on your knowledge and your GPS.
