Hosted by Francine and Michel Jacob

Topic of the day *Vases and their dimensions*

We can find a vase pattern produced in several dimensions. To make it possible to conceptualize the subject, we would see the differences between miniature, squatty, normal, mid-size and funeral.

This study will only be possible if you contribute by bringing a vase motif in its different formats.

The "Wimsey" and the vase that you are not sure how to define it are also welcome.

Reminder: "Bring your latest finds"

DIRECTIONS:

- 1- Highway 20, exit 130. Direction downtown
- 2- You will arrive directly on boul. Laframboise
- 3- After the Mac Donald restaurant, about 1 km on your right
